BUILDING THE BELOVED COMMUNITY

NOW ON THE NATIONAL REGISTER OF HISTORIC PLACES
Estimad@s Amig@s,

We are proud of our community. Over a year of a devastating pandemic and continued structural racism, our community continues to demonstrate our resilience. Your love and contributions have built a foundation of support and healing for all who need it.

I am excited to share our successes, triumphs, and the impact of your support with you. In 2021, you helped El Centro de la Raza reach 22,076 individuals and 4,830 families through our 43 programs and services for children, youth, families and seniors. Your support created possibilities and hope for many.

With gratitude to our staff and community, we have worked to continue our vital services. Our Plaza Roberto Maestas vendors are back serving ceviche, Oaxacan food, and pizza, again after months of being closed for everyone’s safety. Our early learning José Martí Child Development Center classrooms have continued to provide support to families and students with quality bilingual education throughout the pandemic and we’ve watched hundreds of our students graduate from our programs and from their schools. We continue to provide community and lunches to our seniors for delivery and pick-up through our Senior Program, making sure that our elders are cared for and are connected to our community and our services, including our vaccine clinics.

We continue to fight for food justice, environmental justice, racial justice and social justice for our community. Through your service, your generosity, and your support, El Centro de la Raza will proudly march into our 50th year as an organization in 2022.

From our occupation of the abandoned Beacon Hill School in 1972 to now, we have struggled together, built together, and celebrated together. You make our community what it is.

This year, without hesitation, our staff and volunteers rose to meet new and unprecedented challenges head-on and pushed us through. In 2021, 192 volunteers provided 10,608 hours of service. Your love and labor humble us. We look forward to reflecting and celebrating our 50th anniversary with you. You can find many ways to get involved by visiting our website at www.elcentrodelaraza.org.

Mil gracias for the love and power you bring to our community. ¡Viva El Centro de la Raza! ¡Viva la comunidad!

SUCCESS STORIES

WORKFORCE DEVELOPMENT PROGRAM

Fatima

Like many immigrants, Fatima spent several years in Nicaragua, separated from her Husband as he worked in the US before she could join him. Though she had always worked, it was a big adjustment culturally and professionally.

By expressing her desire to advance professionally and contribute to the economy, someone put her in touch with El Centro de la Raza to be able to benefit from training opportunities for Spanish-speakers.

Through the Workforce Development Program, Fatima was able to improve her resume, develop her office skills, practice job interviewing, and find a great fit by attending career fairs.

By practicing interviewing skills, she was able to land a job at the Embassy of Guatemala and hopes to continue to practice and launch a career in defense of human rights with a nonprofit or government agency and address gender violence, in particular.

SUCCESS STORIES

FIRST-TIME HOME BUYER PROGRAM
Ana and Juan

Ana and Juan Pablo, originally from Guadalajara Mexico, have lived in the United States for over 5 years. With the hopes of owning a home, they enrolled into the Certified First Homebuyer Webinar.

Through the course they were certified by the Washington State Housing Finance Commission and obtained down payment funding assistance. On July 2021, Ana and Juan Pablo were able to buy a 3-bedroom house in Tacoma for their family.

TOTEM AFTER SCHOOL PROGRAM
Outdoor Adventures

Learning through experiences creates great impact, and for the youth of the Totem After School Program, they experienced many new adventures throughout 2021. While we continued to balance our response to the pandemic with safety protocols in place, we were able to offer our schools opportunities to venture into new spaces.

While most of the program unfolded online, we made sure to still offer adventures and the social connections our students craved. In July 2021, were able to offer a hiking trip that the youth still talk about today.

In total, 40 scholars completed a 2.3 mile hike. During the field trip, scholar Angel shared his love for nature. “In my apartments, I have a go-to secret spot, a tall tree in the middle of my home that all the kids climb, but I’ve never seen trees this big! I would climb it with my hiking poles if I could."

For many of the scholars on this trip, this experience was their first time hiking. We look forward to continuing to offer these formative experiences!

The Building the Beloved Community Gala is one of our largest events of the year, where we typically gather with supporters, staff, and community members of El Centro de la Raza. While we are hopeful for a time when we can have this celebration in person again, in consideration of the safety of our community, we forged ahead with a virtual event for the second year in a row.

The live program was streamed on YouTube, and we had over 480 registered guests with at-home meal delivery options provided by Frelard Tamales. The evening included musical performances by SuperSones and Gaurvando Hamilton, as well as a poetry reading by Olisa "Spic-E" Enrico. Additionally, the program featured video stories about how we have continued to serve our community through the pandemic, an online auction and raise the paddle, and the presentation of the annual Roberto Felipe Maestas Legacy Awards and Scholarships.

Thanks to your generosity, this virtual event was a wonderful success! El Centro de la Raza raised over $430,000 to benefit our programs and services which have proven more critical than we could even imagine during this time of heightened need. Mil gracias to our sponsors, virtual party hosts, speakers, donors, volunteers and supporters who made this event possible. We enjoyed the opportunity to connect with our community members safely for this annual celebration and fundraiser.

Felicidades to our Roberto Felipe Maestas Scholarship recipients: Alejah Bousley, Bryan De La Rosa Morales, Maria Estrada-Montes, Victor Juarez, Jessica Martinez Vaca, Brittney Ramirez Osorio, Jazmin Pairazaman, Miranda Maria Sanchez, and Brenda Vazquez. Each one of them were awarded $1,000 toward their post-secondary education.

Roberto Maestas’ life was dedicated to building Martin Luther King, Jr.’s “Beloved Community” through multi-racial unity. He deeply believed that poverty, racism, and social inequity could only be eradicated if people of all races and backgrounds came together to do so. In his honor, the Roberto Felipe Maestas Legacy Award recognizes individuals who have advanced the work of Building the Beloved Community. El Centro de la Raza celebrated the 2021 recipients Dr. Estell Williams and Edwin Lindo and their contributions by making a $1,000 gift in their name to a nonprofit organization of their choice.

YOUTH JOB READINESS TRAINING
Dallanary

After signing up with El Centro de la Raza’s Youth Job Readiness Training (YJRT) Program, Dallanary landed an amazing internship at the Center for Wooden Boats. Through one-on-one coaching at YJTR, she also discovered her calling: teaching! When she graduates in June this year, she will be majoring in Education at Seattle College, where she was raised.

She credits a big part of her success to the support of her mom, Danía, who also encouraged her two older siblings to join YJTR, as well as with all of the conversations she had with coaches at El Centro de la Raza.

FOOD BUSINESS INCUBATOR PROGRAM
Marcos

Marcos Arellano, participant of the Food Business Incubator program and owner of Shark Bite Ceviches, received information and application guidance from the Business Opportunity Center for the Comcast Rise program. Marco received the $10,000 grant and will be using the grant to further continue the growth of his business.

Adan Magaña has been a regular participant since the beginning of 2021. He comes two to three times each week for our meal program. As a recent participant for the six-week workshop on taking control of your health, “Tomando Control de Su Salud”, he has been receiving meals and a bag of groceries. In his own words, we share his experience in a letter he wrote to us below.

“First of all, I want to thank Ms. Flor Gomez for all her hard work. She was helpful. The book was very interesting! Why? Because it helps you to eat healthier and to take control of your body, especially if you have health issues! What I like about the book is that they explain in great detail; cholesterol, both the good and the bad. We must be careful about what we eat, that’s important! I changed my eating habits. I am very happy about it. We need to eat a smaller portion of everything. I eat a lot of fruits and vegetables. Also, I enjoy the exercises. They are helpful. The more I read the books, the more I learnt; I stopped drinking milk, also quit eating Mexican sweet bread, which is not good for you—too much sugar! They are not good for your health, and I encourage others to participate and take some time to take this course. You will live longer and be healthier!

From the beginning (est. 1972), El Centro de la Raza (The Center for People of All Races) has provided a gathering place for Seattle’s otherwise dispersed... and in 1972, largely invisible Latino community and has welcomed all individuals with open arms.

Around this time was the beginning of Seattle’s iconic Gang of Four, Bernie Whitebear, Bob Santos, Roberto Maestas (Founder of El Centro de la Raza), and Larry Gossett, setting a new precedent for many multiracial coalitions and nonprofits in Seattle.

Today, El Centro de la Raza is home to all peoples and a place for all to find support. Our organization provides 43 community-based programs that have created space to advocate for civil rights, environmental justice, social justice and undoing institutionalized racism in Seattle and beyond.

In 2022 we are proud that El Centro de la Raza will be celebrating 50 years of work in our Beloved Community! Stay tuned for ways to celebrate with us including a history panel, a signature gala event, cultural events, a block party and much more!

il gracias to the 192 volunteers who provided 10,608 hours of service in 2021. The Independent Sector estimates the total value of these service hours at $302,741.47!

You are an essential part of our familia. Your time, energy, passion and skills help us build the Beloved Community.

We value everything you do for El Centro de la Raza, such as supporting our food bank, various programs, virtual auction gala, bilingual legal clinics, ESL classes, our after-school programs and more.

While the ongoing pandemic and public health crisis continued to affect life for us all, you helped make and distribute masks, delivered food, translated essential public health information, supported our online programming and classes, and made phone calls to help people complete the Census and DACA renewals.

Additionally, when El Centro de La Raza began hosting Covid-19 vaccine pop-up events, you helped to guide participants through the vaccine process and make sure they had the information and support they needed. El Centro achieved continued success in 2021, and it would not have been possible without you!

To volunteer as a community member, student, or corporate group, please visit our website at elcentrodelaraza.org, email volunteer@elcentrodelaraza.org, or call (206) 957-4602.

MIL GRACIAS TO OUR VOLUNTEERS!

In total, our volunteers provided 10,608 hours of invaluable services including: creating masks, delivering food, supporting online users, and phone calls valued at $302,741.
